

Coughs, Colds, Croup ARE DANGEROUS

They come without warning; to neglect them means serious sickness, consumption, perhaps death. Watch for and be prepared to treat the first symptoms of these dangerous affections of the throat and lungs.

A cough is caused by inflammation of the air tubes or an accumulation of phlegm on the mucous membrane of the throat and lungs. You cough in an effort to throw off this phlegm.

Many Cough Syrups contain opium, morphine, or cocaine, which paralyze, deaden the nerves of the bronchial tubes so they cannot control the muscles. Therefore you cannot cough and throw off this phlegm so your condition constantly becomes more serious. Such cough medicines are dangerous; they do more harm than good. They may stop your cough, but don't be deceived with the effects of these dangerous anesthetics. They may give you the drug habit but will not cure your cough.

To cure a cough and cold you need a powerful expectorant, something to loosen the phlegm without deadening the nerves.

RAWLEIGH'S GOLDEN COUGH SYRUP.

will relieve the spasmodic condition of the air passages by removing the cause of the irritation.

The peculiar soothing, yet stimulating action promptly brings the mucous membrane back to a normal condition.

The phlegm is thus loosened and promptly expelled from the bronchial tubes. This medicine is free from opium, morphine, cocaine or other dangerous drugs having a depressing and injurious effect on the system, and is therefore perfectly safe for children or adults.

I positively guarantee this wonderful cough syrup to be the safest and best known remedy for coughs, colds, croup and whooping cough, bronchitis, hoarseness, tickling in the throat and all similar affections of the throat and lungs. These affections are both very common and dangerous. Are you prepared to treat them? If not, better get a good supply on my free trial plan. I guarantee it to be perfectly safe, and you "pay after you are satisfied." THAT'S RAWLEIGH'S PLAN.

I am the Rawleigh Man and you can depend on me to do as I agree. Write me, or wait for me.

BUCKLIN BREEZES.

Geo. G. Price of Greensburg was in Bucklin last Saturday.

D. Fisher was over from Partidge last Saturday, looking after his interests here in Bucklin.

Mrs. Eva Bryan of Greensburg is here visiting her brother S. E. Coons and sister Mrs. J. W. Ellis.

Bucklin is talking of putting on a little style by putting in an electric light plant. Talk is good but work is better.

Two trainloads of supplies passed through Bucklin Monday evening to San Francisco and other stricken cities of the Pacific coast.

The Evans brothers with their mother have moved from the Weaver place in the east part of town to the McConkey residence in north Bucklin.

The weather clerk made a bad break in the weather department Monday and Tuesday. We hope that he will not let the like occur again in the near future.

A. W. Guerin and wife left Tuesday morning for the Ozark country where they expect to make their home for a time, in the land of big red apples, ticks and chiggers.

G. F. Trager and family left Long Beach, California Monday, on their return trip to Bucklin. They expect to arrive here in the last of the week. They have been in California for the past six months.

Bucklin contributed her material substance, one hundred and fifty dollars to the relief of the stricken San Francisco. A draft for that amount was sent Monday by S. D. Aulls direct to the mayor of that city.

There was a gang of traveling decorators in town this week. They decorated the exterior of some of the less pretentious buildings. Their decorations are rather "loud," but very attractive to the small boy. They are show bills.

Beezon's orchestra came down from Dodge City and made sweet music for the bullfighters' farewell ball Monday night. The farewell part may or may not be premature, but we saw some who attended that ball the next morning who looked as if they would like to bid farewell to something and go to sleep.

The farmers in this part of the short grass country report the growing crops is looking fine, especially the wheat, and if the weather bureau will treat us kindly during the next few months of the growing time of the crops we shall be very thankful for it.

We are informed daily and weekly, always from reliable sources that Pratt and Liberal have each bought of the Rock Island Railway Co a round house and other terminal facilities and paid a good round price for same. This may be a paying investment for these towns, but our observation has been that these things do not always stay bought.

There was a message received here this week addressed to the city marshal. Nothing remarkable about that, but it reminds us that we have no city marshal, and never had one. Now therefore, know all men and women too, that Bucklin has not as yet attained to that dignity that would entitle her to indulge in the luxury of a city marshal. A plain old constable or deputy sheriff is all that we can boast of in that line, and even these necessities of civic existence are not at all times available here.

GUARANTEED BY RATH & BAINBRIDGE

Simple Way to Cure Catarrh by Hyomel Without Stomach Dosing.

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrh. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

Direct local treatment by breathing Hyomel through the pocket inhaler that comes with every outfit, is absolutely necessary to kill the catarrhal germs and prevent their growth and formation.

The soothing air of Hyomel heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomel outfit consists of a hard rubber inhaler which can be carried in the purse or vest pocket, a medicine dropper, and a bottle of Hyomel, and costs only one dollar, while extra bottles can be obtained for 50 cents, thus making it the most economical treatment for the cure of catarrh, as well as the most reliable.

Rath & Bainbridge positively guarantee a cure when Hyomel is used in accordance with the simple directions on the package, or they will refund the money. This certainly shows their faith and belief in the virtues of Hyomel.

Rates Grand Chapter.

Annual meeting Grand Chapter of Kansas Order of the Eastern Star at Wichita, May 9 and 10, 1906.

The rate to this meeting will be one fare plus fifty cents from points in Kansas to Wichita and return. Excursion ticket will be sold May 7 to 10 inclusive, limited to return May 12. This rate is open to all. For further information call at the Santa Fe ticket office or Fred Gardner, Agent.

Letter to Mr. Victor Caradon, Dodge City, Kansas.

Dear Sir: Mr. N. Avery, Delhi, N. Y. had two houses exactly alike, and painted them: one Devco lead-and-zinc; the other barytes-and-zinc. He paid same price for both paints.

He used six gallons of lead-and-zinc, 12 gallons barytes-and-zinc.

He paid \$14 for painting lead-and-zinc, \$50 for painting barytes-and-zinc. The total cost of the lead-and-zinc job was \$27; the total cost of the barytes-and-zinc job was \$54.

He didn't know he was buying barytes; the dealer told him that paint was as good as Devco.

A fair example of how it generally comes out, when you buy "something just as good." Better go by the name: the name; and the name is Devco.

Yours truly,

F. W. DEVCO & Co.

New York, Chicago and Kansas City P. B. Sturgeon Bros. Lumber Yard sells our paint.

Is The Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequaled as a general Tonic and Appetizer for weak person, and especially for the aged. It induces sound sleep. Fully guaranteed by Rath & Bainbridge, Druggist. Price only 50c.

Review of Weather.

For week ending Wednesday, April 25, 1906, as furnished by T. J. Conidine of the local Weather Bureau.

The weather conditions during the past week have been characterized by extremes of temperature was 89 degrees on the 23d and the lowest temperature 42 degrees on the 21st; and the average was a trifle above the normal. We were favored on the 19th with a light, but continuous rain and in the early morning of the 20th with a light shower, the effect of these rains although light, being good. The sunshine for the week was above the average.

Santa Fe Rates.

Annual meetings: Kansas State Medical Society, Kansas State Dental Association, Kansas State Temperance Union, Grand Commandery, Knights Templar of Kansas, at Topeka, Kansas, May 8th to 12th, 1906.

On this occasion the fare will be one fare plus fifty cents from all points in Kansas to Topeka and return. Excursion tickets will be sold May 7 to 10 inclusive, limited to return May 14, 1906. For further information inquire at the Santa Fe ticket office or Fred Gardner, Agent.
